

School Annual Report 2022-23

“Talent wins games, but teamwork and intelligence win championships.”

We believe that school education is also teamwork which contributes immensely to individuals to meet their aspirations by working and enhancing their basic skills. We at Appasaheb Bhaurao Patil English Medium School ,Satara make it a point that everyone learns and becomes a kind and able citizen to lead a happy and successful life.

ABPEMS , which began its journey on the path of serving society back in 2013 , is now becoming a fast-growing family with approximately 2038 students and their families.

Being grateful towards the Almighty and believing in Divine powers, I take immense pleasure and feel privileged to present the Annual Report for the year 2022-23

Though the year started with the Triumph and welcoming of students after a long back time from the Covid 19 . Paramount to the academic achievement and excellence at ABPEMS, our commitment to diversity, equity, learning from each other is equally important. We encourage fostering a community free of intolerance, to be respectful and to be supportive. Always remember, we rise by lifting others. Academic success is important because it is strongly linked to the positive outcomes. Along with academic pursuits equal importance is given to sports and other physical activities as they develop mental strength, higher self-esteem and a positive mind set amongst students.

We are about to develop the whole child. We are a school which is child centered. And so, all our effort, our work and our endeavours revolve around the achievement of each student's potential, academically, physically, socially and emotionally. We have the highest expectations for each young person in our care and, as such, it is our responsibility to do our utmost to ensure that that is exactly what each of them realizes. We therefore work very hard to ensure that our school is a safe and happy space for each child. This is so important because the happy child is the child who learns and succeeds best. We are also known to be a parent friendly school. We would like to acknowledge the role of our dear parents and their support to help us to

cater to the needs of their children who are the future of our country. Thank you dear parents for your valuable and robust support. For giving us this beautiful school, its ambience, its progressive vision, and a happy place to work and learn , I would like to thank from the bottom of my heart, our Chairman Sir Dr Anil Appasaheb Patil and all the members of Rayat Shikshan Sanstha. Their word of appreciation for the teaching-learning facilities provided to our students, with all the other basic things, has been very encouraging and motivating.

For education to be complete, it must include not only the training of the intellect but also the refinement of the heart and the discipline of the spirit. Through explicit and implicit school based activities we provide conscious, relevant opportunities to enable our young learners to acquire knowledge, skills and the habits of mind and heart that will develop them into confident, creative individuals as well as active and informed citizens. We work as a team to maintain and enhance the glorious tradition of this great institution. I wish to conclude this presentation with a prayer to God thanking Him for his benevolence and grace.
